CPARS

Overview

With each software release, we work to improve the Contractor Performance Assessment Reporting System (CPARS) and Federal Awardee Performance and Integrity Information System (FAPIIS) user experience and improve the quality of information available from CPARS and FAPIIS. We do this through a combination of minor enhancements and fixing known issues. This document summarizes the customer-facing changes that were made to the CPARS/FAPIIS application in version 5.0.5 on November 20, 2016.

Release Notes

Description	Reference IDs
Enhancements	
Improved the usability of the Access Authorization Process allowing Focal Points to create, modify, delete, transfer, and clone all from one location.	IAESAM-128
Added a link for the Frequently Asked Questions (FAQs) to the footer of the CPARS application pages.	
Added requirement for Focal Point/Department POC access request to contain government email address.	
Added "Justification" field to the Focal Point/Department POC access request process.	
Added the ability to enter a reason why a Focal Point access request is denied and added the reason for denial to the system generated email.	
Added an edit to the Focal Point, Department POC, and Senior Contractor Representative access request requiring a space between the first and last name.	

CPARS

When deleting a registered contract, removed the option to not return the contract to Auto Register.	
Modified the Focal Point and Department POC access request process to certify the user is a Government employee and the authorizing Agency/Department POC certifies the requestor is a Government employee.	
Modified the User Profile to require a space between the first and last name in the User Name field.	
Modified the Agency POC Access Authorization to require a space between the first and last name in the User Name field.	
Updated the Focal Point and Department POC access request screen to indicate if the requestor is replacing an existing user.	
Removed the Office Code field in FAPIIS records when a grants record type is selected. Office Code will be returned when a grants hierarchy structure is provided.	IAESAM-435
Added the ability to upload a PDF attachment to a CPARS evaluation.	IAESAM-344
Added the ability for all Department POCs to view/modify all Agency POCs in their organization, even if they did not create the access.	IAESAM-428
Improved the To-Do List sorting and added a "Due Date" column to the To-Do List results screen.	IAESAM-427
